

This renewal rate sheet provides the Cap Rates, Step Rates, Participation Rates, and Tier Levels currently offered on existing Prudential FlexGuard® indexed variable annuity – New York contracts. These rates are set by Prudential and are effective as of the date indicated above. Renewal rates are subject to change at any time. FlexGuard - NY's Index Strategies do not represent a direct investment in an index or ETF. If you need assistance in reading this document, click [here](#).

To start the renewal process, locate the Reallocation Notice letter you received approximately 30 days prior to the Index Anniversary Date. The Index Effective Date will determine the renewal rate sheet to be used, and instructions for submitting your reallocation can be found on your reallocation notice.

**Renewal Rate Options**

**Option 1: Change current allocations by the Index Anniversary Date**

A request can be submitted online by your financial professional, via fax or over the phone through the Annuities Service Center, or by returning the Allocation Change Information Form included with the Reallocations Notice. Note that all reallocation requests must be received in our office in Good Order by market close (generally 4 pm ET) on your Index Anniversary Date.

**Option 2: Make no changes**

If no further action is taken, any completed Index Terms will automatically renew into the same strategy and Index Term using the new rates. We will allocate funds to the PSF PGIM Government Money Market Fund – Class III if a specific strategy or index term is no longer available.

New York version

Index-linked variable annuity products are complex insurance and investment vehicles and are long-term investments designed for retirement purposes. There is risk of loss of principal if negative index returns exceed the selected protection level. As gains or losses are assessed at the end of each term, index credit is only received if the strategy is held full term, and no withdrawals are taken. Early withdrawals may result in a loss in addition to applicable surrender charges. Please reference the prospectus for information about the levels of protection available and other important product information.

**Renewal Cap Rates, Step Rates, and Participation Rates may be higher or lower than the initial rates but will never be less than the Guaranteed Minimum Rates. Spreads may be higher or lower than the initial Spreads but will never be higher than the Guaranteed Maximum Spread. Tier Levels may be higher or lower than the initial Tier Level but will never be higher than the Guaranteed Maximum Tier Level. Subsequent rates, Spreads, and Tier Levels may differ from the rates, Spreads, and Tier Levels used for new contracts or for other contracts issued at different times. Renewal rates, Spreads, and Tier Levels are impacted by changes in various economic factors. Please speak with your financial professional for more information.**

Investors should carefully consider the features of the contract, index strategies, and the underlying portfolios' investment objectives, policies, management, risks, charges, and expenses. The initial summary prospectus and the index strategies prospectus for the contract, and the summary prospectus or prospectus for the underlying portfolios (collectively, the "prospectuses"), contain this and other important information and can be obtained from your financial professional. Please read them carefully before investing.

**It is possible to lose money by investing in securities.**

*An investment in the PSF PGIM Government Money Market Portfolio – Class III is neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor has no legal obligation to provide financial support to the fund, and you should not expect that the sponsor will provide financial support to the fund at any time. Although the Portfolio seeks to preserve the value of your investment at \$10.00 per share, it is possible to lose money by investing in the Portfolio.*

A variable annuity is a long-term investment designed for retirement purposes. Investment returns and the principal value of an investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than the original investment. Withdrawals or surrenders may be subject to contingent deferred sales charges. Withdrawals and distributions of taxable amounts are subject to ordinary income tax and, if made prior to age 59½, may be subject to a 10% additional tax. Withdrawals reduce the account value and the living and death benefits.

All guarantees including the benefit payment obligations arising under the annuity contract guarantees, any index strategy crediting, or annuity payout rates are backed by the claims-paying ability of the issuing company, and do not apply to the underlying variable investment options. Those payments and the responsibility to make them are not the obligations of the third-party broker-dealer from which this annuity is purchased or any of its affiliates.
